WOODGRAIN SHUTTERS

FYPON® FAST FACTS

WOODGRAIN SHUTTERS

Style, Performance, Service. That's the Fypon® advantage.

BENEFITS

- Greatly expanded line to include multiple new styles, a new woodgrain and new size range that adds beauty and curb appeal to any home
- New woodgrain texture has a rough-sawn cedar look, without the maintenance of wood
- More styles and sizes available in Board & Batten and Plank shutters to complement your windows
- New accessory line of hinges and clavos that can create a distinct look for your shutters

FYPON SHUTTERS VS. WOOD SHUTTERS

- Low maintenance
- Won't warp, crack, or split; impervious to moisture
- No prep required; comes primed, ready to stain or paint
